

Dr.-Ing. Ruben-Laurids Lange

Ruben-Laurids Lange, born in Simmerath in 1982, studied civil engineering at the Bergische Universität Wuppertal from 2001 to 2006. He then joined the Ruhr-Universität Bochum and worked as a research assistant at the Chair for Urban Water Management and Environmental Technology. The result of his work on sewer sediments was his dissertation entitled "Untersuchungen zum Ablagerungsverhalten in der Mischkanalisation als Grundlage der Optimierung von Reinigungsintervallen". In early 2013, Ruben-Laurids Lange changed to DAHLEM Beratende Ingenieure GmbH & Co Wasserwirtschaft KG in Essen Already and completed his doctorate in November 2013. Since summer 2014 he is working for the Emschergenossenschaft, with the focus on the testing of innovative wastewater treatment methods.
